

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America.

When in the bosom of human society, it becomes necessary for one people to dispute the political bonds which have connected them with another, and to assume among the powers of the earth, the precise and equal station to which the laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are life, liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world? — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained: and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. — He has called together legislative Bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. — He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. — He has endeavoured to prevent the population of these States; for that purpose obstructing the Law for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. — He has made Judges dependant on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. — He has created a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance. — He has kept among us in times of peace, Standing Armies without the Consent of our Legislatures. — He has affected to render the Military independent of and superior to the Civil power. — He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended legislation: — For quartering large bodies of armed troops among us: — For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For cutting off our Trade with all parts of the world: — For imposing Taxes on us without our Consent. — For depriving us in many cases, of the benefits of Trial by jury. — For transporting us beyond seas to be tried for pretended offences. — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with powers to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. — He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavoured to bring on the Inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant is unfit to be the ruler of a free people. Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their Legislatures to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which, would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of conciliation. We must, therefore, acquiesce in the necessity, which denounces our separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to lay War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Lest We Forget

Of the many great days in the history of the United States, none is more universally celebrated, none is filled with more meaning to true patriots, than July 4, 1776, the birthday of the nation.

On that day the Continental Congress adopted the Declaration of Independence that told the birth of the new nation "conceived in liberty and dedicated to the proposition that all men are created equal."

Never in the range of political writing has the fundamental basis of government been

so clearly and powerfully stated as in the Declaration of Independence. To this day such phrases as "We hold these truths to be self-evident: that all

men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty and the Pursuit of Happiness" are as true and fresh as the day they were penned.

The arguments likewise are clear and convincing. For instance—"Governments are instituted among Men, deriving their just powers from the consent of the governed—whenever any Form of Government becomes destructive to these ends, it is the Right of the People to alter or abolish it and to institute a new Government."

That great document that played such a part in the history of the world was written by the great Virginian—Thomas Jefferson—and it ranks not only high as a political declaration but also as one of the finest bits of literature ever written. That is the reason The Bulletin is printing a reproduction of the original document on Page One today. Every American should again read it from start to finish—and glory in the phrases that have meant so much to the nation down through the years.

Verne Adventure Story On Radio

One of the most exciting adventure stories ever written, "Around The World In 80 Days," will be presented on My Favorite Story radio program Sunday night, July 2. The 30-minute program, sponsored by Carbide, runs from 7 p. m. to 7:30 p. m.

Any married man can tell you "Mrs." is pronounced "miserious."

Organization Changes Send Cain To K-25; Ramey Is Appointed Industrial Relations Superintendent; Flack Will Become Aide

Four important organization changes affecting both Y-12 and K-25 were announced last week by Y-12 Area Superintendent W. D. Lavers. The changes were to become effective Monday, June 26.

In the plant bulletin, Superintendent Lavers announced:

"Mr. E. C. Cain is being transferred to K-25 to assume the duties now performed by Mr. R. R. Wolf.

"Mr. H. O. Ramey will assume the duties of Superintendent of Industrial Relations.

"Mr. G. W. Flack will be Assistant Industrial Relations Superintendent.

"Mr. Joe White will be in charge of the Employee Relations Department."

Flack now is Superintendent of Personnel Services at K-25. He plans to report for his new duties in Y-12 on July 18 after taking a vacation.

Wolf has been Assistant Plant Superintendent at K-25 and has been transferred to Carbide's South Charleston, W. Va., office.

Ed Cain Y-12 Pioneer

Cain, known from one end of Y-12 to the other as "Ed," is one of the real pioneers in the Y-12 organization. He was employed back in the hustle and bustle days of the project—June 28, 1943—and his badge number—719—attests to the long term of service he has given Y-12.

His first position was that of Supervisor of Employment. Then successively he was Superintendent of Personnel, Superintendent of Industrial Relations and on February 10, 1948, was appointed Assistant Y-12 Superintendent In Charge Of Industrial Relations, the rank he held at the time of the transfer.

In these seven years with Y-12 he has taken part in many employee activities and is a strong supporter of the plant recreation program. For several years he has played in plant golf competition and shoots a better than average game on the links.

Ramey Closely Followed Cain

Ramey also is among the Y-12 pioneers, coming to Y-12 just three days later than Cain and having almost a parallel career. Ramey first served as Chief Interviewer and then went to hold down the positions of Supervisor of Employment, Superintendent of Employment and Superintendent of Personnel.

Both Cain and Ramey were with the United States Employment Service before coming to Y-12, Cain being Tennessee State Supervisor in charge of labor placement. In this capacity he was responsible for thousands of workers coming to Oak Ridge before he himself joined the Y-12 organization. Cain's birthplace is West Rutland, Vt., and Ramey hails from Collinsville, Texas.

Flack Known In Y-12

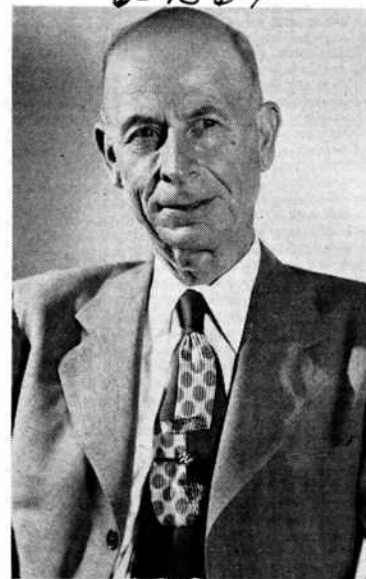

George W. Flack is well-known by many Y-12ers and his genial personality and ability have won him many friendships. As a result, it is expected that he will become popular with all Y-12ers with whom he comes into contact.

Flack joined Union Carbide and Carbon Corporation in January, 1943. One of his first assignments was the processing of technical men who were placed in training at Columbia University for jobs at the Oak Ridge K-25 plant. He made several visits to Oak Ridge before receiving a permanent assignment to K-25 on January 22, 1944, to engage in training work at that Carbide installation.

The new Assistant Industrial Relations Superintendent has been active in Oak Ridge civic affairs since coming to the Atomic City. Just last week he was elected chairman of the Oak Ridge Chapter of the American Red Cross. He is greatly interested in work with young people and is a member of the district council of the Talahi District of Boy Scouts and assistant scoutmaster of Oak Ridge Troop No. 227. He is a member of

ALL-TIME LOW ABSENTEE MARK OF 1.6 PER CENT SET IN Y-12

Dr. Paul D. Scofield, Y-12 Medical Director, is taking a week off from saying "Say Ah" to send a week's vacation at Lake Haven at Bean Station, Tenn. He vows to bring back the biggest fish in the lake . . . The Medical Department and other friends of Penny Keene wish her a speedy recovery from illness.

This week its the Chemical Research folks who are reported getting to widely scattered vacation sites . . . In order received—Paul Blakely and family vacationed for a week in the Cumberland Mountains near Crossville . . . C. F. Coleman is visiting relatives out in Burley, Idaho, and then is going to Denver and St. Louis . . . J. S. Drury and his wife camped out in the Smokies on their week's vacation . . . The Albert Clarks and K. O. Johnsons spent a pleasant Sunday June 18 at Cumberland State Park, near Crossville . . . Ward Foster and his folks are off on a two-week vacation visiting relatives in Boulder, Col. The Fosters are including a stop at Independence, Mo., to visit Bill Spencer, a former Y-12er. The gadabout Fosters also are going to Evansville, Ind., to show off son Danny and play a little golf . . . Florida drew Julian Hackney and Mrs. H., places visited including Jacksonville, St. Augustine and—of course—Daytona Beach . . . Leo Brady and family also chose Colorado for vacationing . . . The department extends a warm welcome to Charles Boyd, from Conway, Ark. . . J. W. Robinson and folks went out to the tall corn state of Iowa for their week's vacation, West Liberty, Cedar Rapids and Iowa City being the targets.

C. A. McAlister, head man at the Y-12 Laundry, and his wife, are vacationing at Chattanooga.

A. H. Shubert and J. C. Yarber, of Maintenance Utilities, are back on the job after vacationing for one week.

Standby Maintenance reports S. H. Inman and C. C. Nelson both are on two-week vacations.

G. E. Berney is back on the job in Field Maintenance after flying down to Florida for a week in the sun . . . E. W. Palmer engaged in the pastime of tilling the soil by working on his farm during vacation . . . Joe Dunlap and family are spending their vacation up in Canada.

the First Presbyterian Church, is married and the father of three young sons and one daughter.

White has been with Y-12 since December 27, 1943. He has been Employee Relations Supervisor for some time.

The Nelsons, W. C. and Damon, of the Guard Department, hit the wide open spaces of the West on vacation—camping out along the way.

Dave Turner, of the Fire Department, and family spent a week's vacation with his folks in Pennington Gap, Va.

Paul Braden, of Chemical, and family didn't get far away on his vacation—going to Powell.

Jesse M. Herndon, of Chemical, Mrs. Herndon and their youngsters, Helen and Buddy, spent the week end in Cincinnati attending the wedding of Mrs. Herndon's cousin. The Herndons plan to spend the July 4 holiday week end in Irvington, Ky.

Plant Shift Supervisor Gentry Underwood plans to leave on his vacation July 1 to join his wife, who is visiting relatives in Terry, Miss.

Vernon West and C. C. Chamberlain, of the Machine Shop, still are bragging—and receiving congratulations—over those 12 bass totaling 60 pounds recently caught by them in Fort Loudoun Lake.

R. G. Marlar, Product Chemical, vacationed for a week with relatives in Mississippi . . . Frank Gragg and family spent a week's vacation wetting trout lines in Western North Carolina . . . C. L. Stevens visited his sons in Detroit, Mich., while on vacation . . . H. C. Nichols went over to Kodak, Tenn., to visit his folks for a week . . . Several department members went to Chattanooga recently to attend the wedding of Dolores Hill, daughter of Corrine Hill. They included Paul and Nell Trebilcox, Charles and Wilma West, Mae Carson and Ethel Bow . . . Rella Murr is resting up from one week's vacation at Myrtle Beach, S. C.—by taking another week at Daytona Beach, Fla.

Willie Anderson, of Stores, is vacationing for a week around Knoxville . . . Wally Watson now is commuting from Powell, having moved into his new home on Emory Road . . . M. C. Bays is vacationing with his brother out in Fort Worth, Tex., traveling via La. . . Mary Margaret Norton is attending the Young Adult Conference of the Presbyterian Church at Montreat, N. C., while on vacation and during the rest of the time is resting at her home at Concord.

Kenneth Brown, of the Tool Department, headed toward Detroit on vacation where he hoped to see the Detroit Tigers and New York Yanks in diamond duels . . . The department extends sympathy to P. I. Fawver over the death of his brother in Knoxville.

All Departments Help Establish Excellent Record

A new all-time low absentee record of 1.2 per cent was established by Y-12ers for the week ending June 18, breaking the former mark of 1.6 per cent established during the week ending December 11, 1949, and equalled twice since then. Fine attendance records in all departments contributed to the remarkable figures.

Chemical Is "All Present"

Only one Major League department reported a perfect attendance record for the week ending June 18 in comparison to three the previous week, and it was a complete newcomer to the top bracket. It was the Chemical Department, which advanced from sixth place held the previous week.

Second place in the Major League was retained by Field Maintenance, which for the second week came up with only .2 per cent of its personnel absent. Buildings and Grounds also maintained its third place spot with an absentee mark of .5 per cent.

Eight Departments Perfect

In the Minor League eight departments reported "all present"

(Continued on Page 3)

Daytona Beach has drawn Maola Connor and Kay Orton, of Manufacturing Offices, for vacations . . . Audrey Baldwin is back after undergoing a tonsilectomy.

Howard Esty, of Property, is vacationing for two weeks in Boston, Mass.

Asa Tarwater, of Uranium Control and Computing, and Mrs. L. R. Nicely, of Product Chemical, are another pair of Daytona vacationers . . . Nancy Garrison and Phyllis Johnson went the other way, spending the past week end in New York City . . . Marilyn Gordon went to Middletown, Conn., to attend her brother's wedding . . . Ed Bailey is vacationing for a week in Ohio.

Add Daytona vacationers—Eunice Jones and Genevieve Bryant, of the Analytical Laboratory . . . Isabelle McMurray vacationed for a week recently at her home in Knoxville.

More Daytona vacationers—Christine Sparkman, of Planning and Estimating.

Buildings and Grounds extends deepest sympathy to L. T. Coleman over the death of his sister in Columbus, Ohio, and also to C. C. Carter over the death of his sister at Harriman.

The many friends of Frank Fuis, of Plant Engineering, in the department and throughout the plant extend deepest sympathy to him over the unexpected death of his wife at the Oak Ridge Hospital Thursday night.

Y-12 Employees' Credit Union To Open For Business Thursday; Don Phillips Elected President; Board, Two Committees Named

The Y-12 Employees' Credit Union will be ready to open up for business on Thursday of this week, it was announced following a meeting of the board of directors last week. Facilities will be ready to accept applications for membership and applications for loans and payroll deduction cards will be ready for Y-12ers desiring to use this form of transaction their dealings with the credit union.

The organization was perfected Monday night, June 19, at the Junior Chamber of Commerce hall, with receipt of the charter and election of the board of directors, which in turn selected officers from its own membership, and two committees. The committees were the credit committee and supervisory committee, which is the auditing committee of the credit union. The number of the federal charter granted was No. 6775.

All Sections Are Represented

The members of these groups represent a cross section of the plant with members from several different departments and locations. This will enable the officers, board and committee members to better serve the needs of every employee in Y-12 desiring to utilize the savings and lending services of the credit union.

Members of the board of directors are Don Phillips, Technical Service Laboratory; John Reece, Product Chemical; W.K. Palmer, Manufacturing Offices; James R. Whitcomb, Employee Relations; Evan Means, Electrical Maintenance; and Mabel Tyer, Superintendents.

These board members named Phillips as president, Whitcomb vice president, Palmer treasurer and Miss Tyer, clerk.

Members of the credit committee are A. M. Schrader, Field Maintenance, chairman; Winfred Ray, Product Chemical; and Fred J. Hawks, Product Chemical. The supervisory committee is composed of Nelson Tibbatts, Planning and Estimating, chairman; W. S. Herron, Chemical; and C. E. Johnson, Safety.

All of the board of directors, officers and committee members will serve until January 1, when new officers will be selected for the entire year.

Offices In Bldg. 9704-2

The office headquarters for the Y-12 Employees' Credit Union will be established in Room 20, Bldg. 9704-2. A supply of all forms for membership and loan application, payroll deductions, notes and other material will be available at this office on Thursday of this week.

As a starting point and subject to revision, the board of directors voted to accept original subscriptions for shares up to \$1,000 in one lump sum and a maximum of \$100 per month per person. The shares sell for \$5 each with a 25¢ fee for the first share purchased.

Present Loan Maximums Given

The board also voted to allow unsecured loans, that is on the applicant's own signature, up to \$150 but such loans must have the approval of the credit committee when, in the opinion of the group, such action is warranted. Loans up to \$200 or a maximum of 10 per cent of the unimpaired capital of the credit union will be allowed when collateral is provided. These figures also are subject to revision on the part of the board.

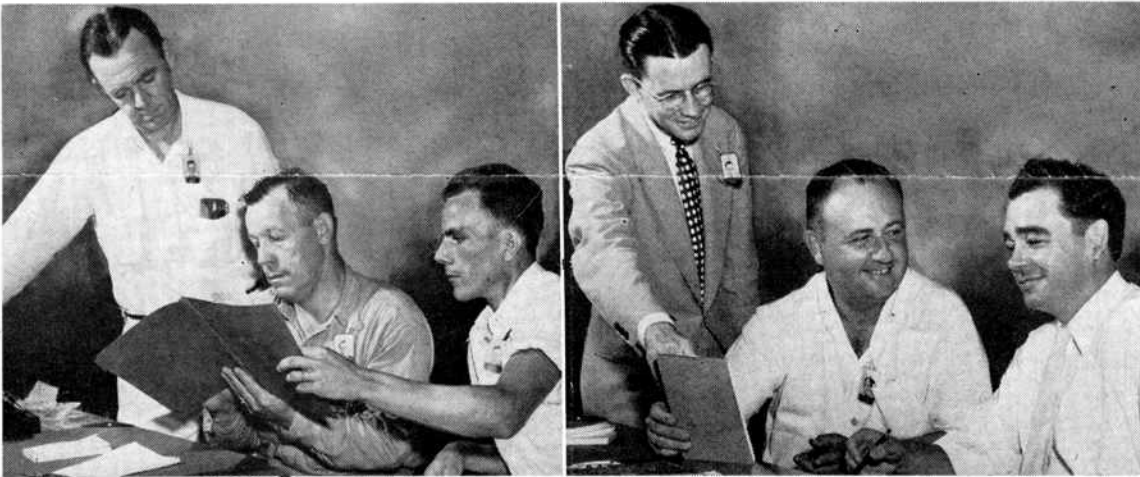

All members of the board and the committees will have a supply of forms for distribution to Y-12ers desiring them. Assistance will be given wherever needed in filling out the forms.

Credit Chairman Calls Meeting

In handling loans the credit committee will hold meetings on call of the chairman. A majority of the committee must pass on the applications and action must be unanimous. Treasurer Palmer has tentatively set Tuesday of each week as the day for distributing checks on loans approved by the credit committee. In cases of emergencies, of course, much faster action

SIX OF THE SEVEN MEMBERS OF THE BOARD OF DIRECTORS OF THE Y-12 EMPLOYEES' CREDIT UNION are pictured above right after election. From left are C. H. Estes, Evan Means, Mabel Tyer, Don Phillips, J. R. Whitcomb and W. K. Palmer. John Reece was the only absent member when the picture was made. The official permit seal of the credit union is shown in insert.

THE CREDIT AND SUPERVISORY COMMITTEES OF THE Y-12 EMPLOYEES' CREDIT Union are shown above. The group at the left is the credit committee, from left, Fred Hawks, A. M. Schrader and Winfred Ray. The supervisory committee at right is composed of W. S. Herron, Nelson Tibbatts and Clarence Johnson.

Y-12ers Will Get Long Holiday Over July 4

The second of the two four-day holidays during the summer will be enjoyed by Y-12ers with the observance of Independence Day. In the week beginning July 2, day employees (both hourly and salaried) whose regular work week is Monday through Friday will be scheduled to work Wednesday through Saturday. That will enable the holiday to begin Saturday and continue through Sunday, Monday and Tuesday, with work resumed Wednesday. To make up for the Monday holiday, Y-12ers will work on Saturday, July 8.

can be obtained. Interest on all loans was set at one per cent per month on unpaid balances.

In addition to the credit committee and the supervisory committee, the board of directors has appointed an educational committee to acquaint Y-12ers with all facts in connection with the operations of the credit union. Means is chairman of this committee and other members are Estes and George W. Dobbs.

A man can do more than he thinks he can, but he usually does less than he thinks he does.

COPY OF DECLARATION LOANED BY FORMER Y-12 EMPLOYEE

The copy of the Declaration of Independence printed on Page One of The Bulletin today was kindly loaned by Thomas G. Clynes, a former Y-12 employee. The deep appreciation of The Bulletin staff is extended Clynes for his patriotic gesture.

Chemistry, Physics Seminars Are Scheduled This Week

Two seminar sessions on chemistry and physics of interest to Y-12er have been scheduled for this week.

The Chemistry Seminar, held monthly, is set for 3:15 o'clock Wednesday afternoon, June 28, in the East Lounge of the Ridge Recreation Hall. Dr. W. O. Milligan, of Rice Institute, will speak on "Volkenstein Adsorption Equation."

At the same time and place Friday afternoon, June 30, the Physics Seminar will hear a talk on "Gamma-Alpha Angular Correlation From Fluorine 19 Plus Protons." The speaker will be J. M. Juach, of the University of Iowa, who is a visiting investigator at the physics division of the Oak Ridge National Laboratory.

Nielson Reaches Retirement Age On July 1

After almost six years of service in Y-12, P. W. G. Nielson, of Research Engineering, will reach the Company age of retirement on July 1. He came to Y-12 September 12, 1944.

When he came to Y-12 Nielson was rated as a senior engineer and was assigned to the old Process Improvement Division in development design. For some time he has been in Research Engineering, working under Ernest Zurcher.

Nielson was born in Gothenburg, Sweden, and received his schooling there, graduating from his home town high school and then attending the Sala Technical School in that city. With the native Scandinavian skill, he became a tool designer and followed that work throughout his life.

After completing his schooling in Sweden at an early age, he came to the United States about 55 years ago. Just before coming to Y-12 he was with the Fairchild Aircraft Corp. in Burlington, N. C., in his chosen career of a tool designer.

On leaving Y-12 Nielson plans a vacation with his daughter in Washington, D. C., and also a rest at some Virginia coastal point.

All-Time Low Absentee Mark Is Set In Y-12

(Continued from Page 2)

records for the week ending June 18, with six of them being repeaters from the preceding week. Those six were Laundry, Cafeteria and Canteen, Receiving and Shipping, Planning and Estimating, Property and Maintenance Utilities. Most of these departments have had similar records for the past several weeks. Joining this group were the eighth and ninth place departments for the week ending June 11—Plant Engineering and Employee Relations.

The second and third place departments in the Minor League for the week ending June 11 maintained their positions. In second place was Plant Engineering with an absentee record of .58 per cent and close behind in third place was Uranium Control and Computing with .61 per cent of its personnel absent.

The plant-wide absentee record for the week ending June 18, by departments, follows:

MAJOR LEAGUE

Dept.	Percentage Absent	Standing
2619	0.0	1
2015	0.2	2
2014	0.5	3
2360	0.9	4
2283	1.05	5
2077	1.12	6
2616	1.36	7
2282	1.41	8
2091	1.5	9
2320	1.60	10
2142	1.63	11
2003	2.1	12
2300	3.0	13

Group absentee percentage was 1.2 per cent, .2 per cent lower than the preceding week.

MINOR LEAGUE

Dept.	Percentage Absent	Standing
2096	0.0	1
2107	0.0	1
2143	0.0	1
2002	0.0	1
2140	0.0	1
2005	0.0	1
2200	0.0	1
2109	0.0	1
2060	0.58	2
2739	0.61	3
2270	0.8	4
2133	2.1	5
2743	2.3	6
2001	2.9	7
2008	3.5	8

Group absentee percentage was 0.9 per cent, 1.4 per cent lower than the preceding week.

The plant average for the week ending June 18, 1950 was 1.2 per cent, .4 per cent lower than the preceding week.

One-Way Traffic Established On Road West Of Bldg. 9704-2

To avoid congestion on the curving road west of Bldg. 9704-2, one-way traffic was established on the thoroughfare effective Tuesday, June 27. Henceforth the road will be one-way for eastbound traffic only, that is traffic coming up the hill toward the building. Traffic signs were to have been erected along the highway Monday.

The one-way traffic rule will not affect parking in the lot on the north side of the building and traffic may enter the lot from the east but not proceed beyond the end of the lot, where the one-way road begins.

ARGENTINE GETS AEC

The United Press has reported that Argentina President Juan D. Peron has published a decree creating a national Atomic Energy Commission in that nation.

His plans after that are indefinite, but he stated he expects to continue his favored work.

SPORTS NEWS IN Y-12

Plant Golfers Competing For Individual Honors In Tournament Underway With Six Flights Drawn

After settling the team championship of the Y-12 Plant Golf League, individual golfers in the loop took to the Oak Ridge Golf and Country Club last week to settle the question of supremacy. The Rippers took the team title in

play Sunday, June 18.

All players in the league who have played 27 holes or more during the past season are eligible to compete in the tournament. A championship and five other flights of eight players each were ar-

ranged for the tournament by the Recreation Office with pairings for matches being determined by a draw.

All first round matches must be completed before Sunday, July 2, second round matches by Sunday, July 9, and finals before Monday, July 17. Results of all matches should be reported to the Recreation Office, North Portal, telephone 7-8252, immediately.

Every eligible player in the league was entered in the tournament. However, some may not desire to compete and others may be on vacation or unable to play for some other reason. Such players not playing scheduled matches will forfeit them and the tournament play continued accordingly. Golfers not able to play are asked to notify their opponent.

The flight pairings for first round matches follow:

Championship Flight—Reynolds vs Sherrod. Wanamaker vs Bowles. Lavers vs Caldwell. Tiller vs Ludwig.

First Flight—Peterson vs winner of Harris-Nessle. Richardson vs Foster. Rueff vs Barker. Olson vs Crouse.

Second Flight—Dunlap vs Ratjen. Holtzkecht vs Orrison. Cain vs Keese. Brown vs Mitchel.

Third Flight—Matthews vs Matlock. Henderson vs Keilholtz. Tibbatts vs Garrett. Hubbard vs Martin.

Fourth Flight—Lowery vs Underwood. Koons vs Overholser. Grimes vs Cupp. Walton vs White. Fifth Flight—Hooker vs Johnson. Herndon vs winner Tilson-Bernander. Morgan vs Cotton. Crews vs Greeley.

Handsome trophies will be awarded winners and runners up in the championship, first and second flights and winners of the other flights.

Tournament competition is in medal play with the last available league season averages and handicaps prevailing. Each match is for nine holes unless otherwise agreed on by the contestants.

Here are some of the results in early first round matches played last week:

Tiller defeated Ludwig by default, championship flight. Nessle defeated Harris, 38 to 40, first flight. Ratjen defeated Dunlap by default, second flight.

ORNL Golfers Take First Of Inter-Company Matches

Golfers fielded by the Oak Ridge National Laboratory took a 26-point lead in the first of two inter-company matches last Saturday with Y-12 finishing second. The ORNL team had a total score of 161 points to 187 for the Y-12ers.

John Shugart, of Y-12, led the field with a fine 74 medal and a low point score of one. Other Y-12 scores were Bill Reynolds 5½, Clyde Bowles 7½, Walt Sherrod 2½, Leo Caldwell 28½, Arnold Tiller 32, and W. D. Lavers and L. H. Barker tied at 43½.

The scores of the ORNL team were Arky Vaughn 5½, L. M. Cook 7½, W. H. Bauman 9, Woody Allen 11, Jack Sachs 17½, John Farmakes 20, W. M. Hawkins 43½, and R. M. Jones 47.

Trailing ORNL and Y-12 were, in order, Roane-Anderson, Oak Ridge Hospital, AEC, K-25 and Fairchild.

'ATOMSHIKI' PLAYED

The New York Times recently reported that the Communist newspaper in Moscow, Pravda, assailed Armed Forces Day statements by Americans as "the raging of the atomshiki."

Detective: "Your've looking for your cashier? Is he tall or short?" Banker: "Both."

CARDS HAVE FOUR-GAME WINNING STREAK

THIS WHOPPER, A NINE pound and three-quarter wall-eye, was taken out of Norris Lake recently by J. R. Love, of Isotope Research and Production, shown holding the big fish. He was accompanied on the fishing expedition by George Chilton, of the same department.

Crack Florida Softball Team Here July 18

Oak Ridgers will get an opportunity to see the second place team in the 1949 national softball tournament in action at the Midtown Park Tuesday night, July 18, when the Clearwater, Fla., Bombers come to town for a game against an outstanding Oak Ridge team. In addition to this appearance of one of the nation's best softball teams, crack outfits from Shelbyville, Tenn., and Atlanta, Ga., also are scheduled to invade Oak Ridge for games shortly afterward.

The team to oppose the Floridians probably will be the outfit leading the league at the time with substitutes drafted from other teams.

The Shelbyville team will meet Oak Ridge National Laboratory at 8:30 o'clock Friday, July 21, and Roane-Anderson at the same hour the following night.

A leading Atlanta team will come here at 8:30 o'clock Sunday, July 23, for a game against the K-25 softies.

All of these games also will be played at Midtown.

Three-Point Alley Defeat Hagerman Keglers Hand Y-12

Fate finally caught up with the high-flying Y-12 bowling team in the summer circuit as the Hagerman Electric keggers knocked off the loop leaders for three big points last Thursday night. Line scores were 752, 758, 746—2,256 for Y-12 and 748, 791, 766—2,305 for the winners.

Park led the Y-12 pinmen with a 486 series, followed by Burns 478, Kendig 442, Riddle 428 and Knox 422.

Y-12 still is leading the loop with a record of 24 and four. Roane-Anderson, next opponents of the Y-12ers, has a 20-8 mark.

'STAY HOME' URGED

The New York Herald-Tribune recently reported the progress of the atomic energy program in Norway and noted that the basic goal is to provide scientists with latest information and thus keep them at home.

Y-12ers Meet ORNL On Diamond Tonight

Those high-flying Y-12 Cardinals unravelled a winning streak of four straight games in their last appearances on the diamond and at the end of the week had a record of six won and three lost for a .667 percentage. Furthermore they were just a drag bunt distance out of the lead league as they had a crucial game scheduled for Monday night against K-25. The outcome of the first half of the season just about rode on that engagement.

Fans Urged To Attend

Following this battle, the charges of Co-Managers Bill Burns and Wes Savage are slated to meet the Nats of the Oak Ridge National Laboratory at 8 o'clock tonight, Wednesday, June 28. With the wearers of the red and white hitting full speed ahead an enjoyable ball game should result and all Y-12 fans are urged to turn out and root for the Cardinals as they are bound to get their money's worth.

The first half of the schedule comes to a close with games scheduled for June 30. Then will follow a week of make-up games with one of them being between the Cards and Roane-Anderson. Originally slated for last Wednesday night, the contest joined the casualty list of games washed out by an overage of precipitated moisture. The schedules for these make-up tilts had not been announced late last week.

Lake City Again Victims

The fourth victory in a row for the Y-12ers was racked up Monday night, June 19, with Lake City being the victim for the second time within one week. The Cards eased out a 6 to 5 triumph in this one, scoring the winning run in the last half of the seventh inning when Walt Sherrod scored from third on a balk by Lake City hurler Croley, breaking a 5 to 5 tie existing at the time. Sherrod also worked Croley for a balk in the first inning, advancing from second to third.

In addition to worrying Croley on the base paths, Sherrod also was a thorn in the side to the Lake City pitcher at the plate, obtaining two for four. Y-12 got nine bingles off Croley and Keno, two less than Lake City secured off Elmer Johnson and Lefty Carter, who took over mound duties in the seventh.

Score by innings:

Team	000	040	100	5	11	2
Lake City						
Y-12	100	013	10x	6	9	1

Batteries: Lake City, Croley, Keno (8) and Clapp. Y-12, Johnson, Carter (7) and Robertson, Noe (8).

The following Y-12 employees were patients in the Oak Ridge Hospital last week: Eugene Clowers, Maintenance Utilities; William Hinkleman, Electrical Maintenance; Charles L. Pigott, Uranium Control and Computing; Ray L. Hill, Maintenance Shops.

Eating one's own words is good for reducing the ego.

Plant Softball Schedule Revised To Close Out First Half Of Card

With the status remaining quo all last week in the Plant Softball League because of the nasty old weatherman, the Recreation Office has compiled a completely revised schedule to wind up the first half of the season. When play was suspended on account of the ball grounds being more fitted for frog gigging than softball, Bldg. 9212 had a one-game lead over the All Stars and a number of previously rained out games were on the books that could determine the ultimate winner.

Softballers Of Y-12 Play ORNL Thursday

Although the second half of the season of the Oak Ridge Softball League now is underway, the standing at the end of the first half will not be determined until some rained out games are decided. The Y-12 entry in this loop is well up in the list and should rate a good position when the matter is settled.

The next appearance of Dick Dews' Dandies is slated for Thursday night, June 29, at 8:30 o'clock when the Y-12ers meet Oak Ridge National Laboratory at the new Midtown Field, on which play opened last week. After this engagement the Y-12 representatives have a long rest over the holidays, not being scheduled until 7 o'clock Friday night, July 7, when they play Roane-Anderson.

The schedule for the second half of the season runs through August 3 and the city softball tournament will follow on August 4, 5, 6 and 7.

The schedule follows:

Thursday, July 29—7 p.m., OR Motors vs Vagabonds. 8:30 p.m., Y-12 vs ORNL. Friday, June 30—7 p.m., OR Motors vs Roane-Anderson. 8:30 p.m., Vagabonds vs K-25.

Thursday, July 6—7 p.m., OR Motors vs ORNL. 8:30 p.m., Roane-Anderson vs K-25.

Friday, July 7—7 p.m., Roane-Anderson vs Y-12. 8:30 p.m., Vagabonds vs ORNL.

Monday, July 10—7 p.m., Y-12 vs Vagabonds. 8:30 p.m., K-25 vs OR Motors.

Thursday, July 13—7 p.m., Makeup game. 8:30 p.m., Vagabonds vs Roane-Anderson.

Friday, July 14—7 p.m., ORNL vs K-25. 8:30 p.m., Y-12 vs OR Motors.

Monday, July 17—7 p.m., Roane-Anderson vs ORNL. 8:30 p.m., Y-12 vs K-25.

Thursday, July 20—7 p.m., ORNL vs Y-12. 8:30 p.m., Vagabonds vs OR Motors.

Monday, July 24—7 p.m., K-25 vs Vagabonds. 8:30 p.m., Roane-Anderson vs OR Motors.

Tuesday, July 25—7 p.m., K-25 vs Roane-Anderson. 8:30 p.m., ORNL vs OR Motors.

Thursday, July 27—7 p.m., ORNL vs Vagabonds. 8:30 p.m., Y-12 vs Roane-Anderson.

Friday, July 28—7 p.m., OR Motors vs K-25. 8:30 p.m., Vagabonds vs Y-12.

Monday, July 31—7 p.m., OR Motors vs Y-12. 8:30 p.m., K-25 vs ORNL.

Tuesday, August 1—7 p.m., Makeup game. 8:30 p.m., Roane-Anderson vs Vagabonds.

Thursday, August 3—7 p.m. and 8:30 p.m., Makeup games.

The last named team is the home team.

Y-12 Men Prepares Script For Headlines In Chemistry

L. A. Stephens, of the Y-12 Analytical Laboratory, has prepared the script for the Headlines in Chemistry program to be presented at 9:15 o'clock Sunday night, July 2, over Oak Ridge Radio Station WATO. The subject of the program discussion will be "Paints and Pigments."

The programs are presented weekly by the East Tennessee Section of the American Chemical Society with the objective of giving news in the scientific and chemical world in the language of a layman.

Plant Softball Schedule Revised To Close Out First Half Of Card

With the status remaining quo all last week in the Plant Softball League because of the nasty old weatherman, the Recreation Office has compiled a completely revised schedule to wind up the first half of the season. When play was suspended on account of the ball grounds being more fitted for frog gigging than softball, Bldg. 9212 had a one-game lead over the All Stars and a number of previously rained out games were on the books that could determine the ultimate winner.

In the revised schedule the first and second place clubs were slated to meet last night with the Rippers and Isotopes clashing in the second half of the double header.

The remainder of the revised schedule follows:

Thursday, June 29—6 p.m., Rippers vs All Stars. 8:30 p.m., Isotopes vs Bldg. 9212.

Thursday, July 6—6 p.m., Isotopes vs Rippers. 8:30 p.m., Bldg. 9212 vs All Stars.

Tuesday, July 11—6 p.m., Bums vs Rippers. 8:30 p.m., Open for any other make up games that might be necessary.

All plant loop games in the future will be played on the Pinewood Park field as the Oak Ridge City League has moved to the new ball park at Midtown.

Robins Lose To State Champs On Freak Play In Overtime

Those cocky Y-12 Robins threw the scare of the year into the state championship Cas Walker women's softball team in Knoxville last Saturday night, losing a heart breaking 5 to 4 game to the title holders.

The Y-12ers had a 4 to 3 lead going into the last of the eighth inning after the regulation game had resulted in a tie. Then a Knoxville rapped the ball into right field with a runner on second base and Jean Lynch, covering that territory for Y-12, threw the runner out at first base. However, through an unfortunate oversight, both umpires were looking for a play at the plate and a run scored after the third out, the play at first being missed by the officials although seen by fans all over the park. The champions then went on to score the winning run in the ninth inning.

Summary:

Team	R	H	E
Y-12	4	5	6
Walker	5	6	1

Batteries: Y-12, B. Roberts and P. Roberts. Cas Walker, E. Koontz, Gribb (5) and Akers, D. Koontz (8).

Women Netters Play ORNL Next

Again victims of rain, the Y-12 women's tennis team was unable to carry out its scheduled engagement last Tuesday night against K-25 and a definite date for the play-off had not been determined Friday. The next scheduled match for the Y-12 lassies is Wednesday, July 5, against the Oak Ridge National Laboratory racqueteers.

"Before we were married, you used to catch me in your arms." "Yeah, and now I catch you in my pockets."
